

you can make a difference!

Be an organ/tissue donor • Be an organ/tissue donor • Be an organ/tissue donor

Marcus was born with cardiomyopathy, a disease that weakens the heart. By 2008, the disease had taken its toll on his body and he received the devastating news that he needed a heart transplant. He was given just months to live. Within a week, an organ donor saved his life with a new, healthy heart. Today, Marcus is full of life and is active in his church.

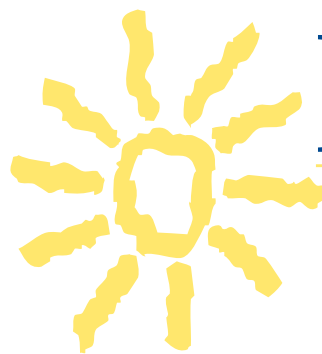

Please join the Organ/Tissue Donor Registry today and give someone else a second chance at life.

Marcus Burnett

Donor recipient — Waukegan, IL

"I say a prayer of thanks every day for my donor and their family for saying 'Yes' to donation."
