

*Lauren
Heart recipient
Diversey Express*

are **YOU** registered to be
an organ/tissue donor **?**

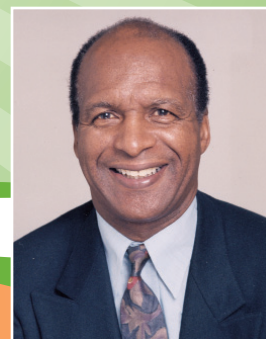

Lauren first became ill in her early teens. After undergoing many tests, it was determined that her heart had been damaged from a virus she had as a baby. She was told she needed a new heart in order to survive.

Through the generosity of another family, Lauren received the heart she needed after waiting just one month. Lauren has since learned to drive, attended her senior prom and graduated from high school. She also traveled throughout Europe and is now pursuing a law degree.

Please join the Organ/Tissue Donor Registry today.

it's up to
YOU
