

*David Goldman  
Kidney and pancreas recipient  
Deerfield*

are **YOU** registered to be  
an organ/tissue donor **?**

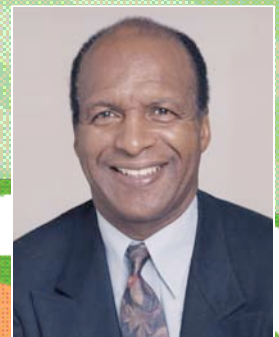

David required a kidney transplant after being diagnosed with diabetic kidney disease in 1986. He received a lifesaving kidney from his sister, Judy. Ten years later, he received a pancreas transplant from a young donor whose family said yes to donation.

David participates in the Transplant Olympics to show others that transplant recipients can enjoy a normal life. He and his wife, Debbie, along with their son, Lenny, are forever grateful for his lifesaving gifts.

**Please join the Organ/Tissue Donor Registry today.**

it's up to  
**YOU**
