Teresa Haire had cardiomyopathy and desperately needed a heart transplant. In February 2002, a generous donor gave Teresa a second chance at life. Teresa is married and the mother of a 26-year-old daughter. She is an active member of the Greater Quincy Life Goes On Committee.

Please join the Organ/Tissue Donor Registry today and give someone else a second chance at life.

"The greatest thing about my transplant is that I am alive. I just know he had to have been a very caring person to have been a donor."
