

*Donor Family:
Patty, Paul and Jane
Kallal and Katie Forrester*

are **YOU** registered to be
an organ/tissue donor **?**

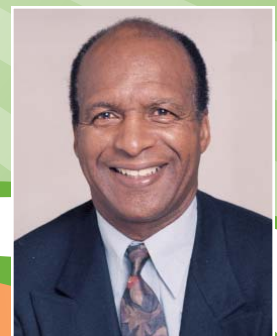

In September 2004 Mike Kallal was killed in a traffic accident in Jersey County. On that day the Kallal family became a donor family. Ironically, six months before Mike's untimely death, the family discussed organ/tissue donation. Each of them made their wishes known that upon their deaths their organs/tissues were to be donated. Mike had said at the time, "Let the doctors take whatever can be used. I won't need them where I am going."

Mike's eyes were donated to two individuals. Two weeks after his death, Mike's family was notified that those recipients regained their sight because of Mike's selfless act of donation, which helped the family heal from his death.

Please join the Organ/Tissue Donor Registry today.

it's up to
YOU
