Be an organ/tissue donor • Be an organ/tissue donor • Be an organ/tissue donor

Paul received a lifesaving kidney transplant on March 29, 2007. He had been on dialysis since 2004. The transplant gave Paul the opportunity to once again work with his passion in life, the Special Olympics. The transplant gave him his life back and he is so thankful for the precious gift from someone he didn't even know.

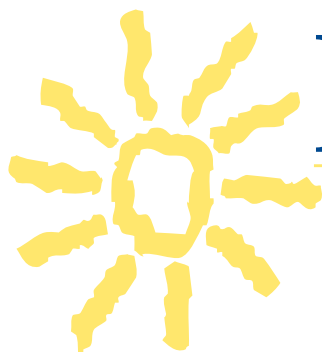

**Please join the Organ/Tissue Donor Registry today and give someone else a second chance at life.**
