

you can make a difference!

Be an organ/tissue donor • Be an organ/tissue donor • Be an organ/tissue donor

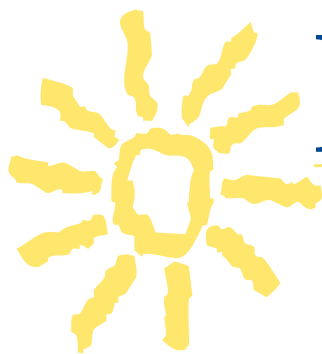

The loss of John and Betty's son John IV (affectionately called Little John) was a devastating blow to their entire family and the community. When given the opportunity to donate John's organs and tissues, they felt their loss would not be in vain. Since that terrible tragedy, John and Betty have worked hard with the Secretary of State's Life Goes On Committee and the Mid-America Transplant Services to educate others about the lifesaving benefits of donation and to help others through tragedies such as theirs.

Please join the Organ/Tissue Donor Registry today and give someone else a second chance at life.

John and Betty Riley
Donor Family — Dix, IL

"Being donor parents has been a blessing to our lives."
