

you can make a difference!

Be an organ/tissue donor • Be an organ/tissue donor • Be an organ/tissue donor

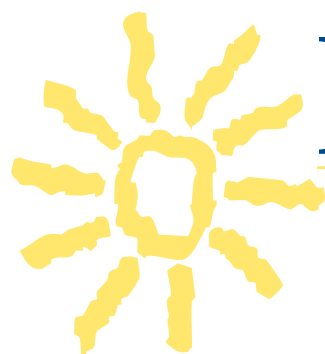

Rhonda was astonished when she learned she was in end-stage renal failure. She had been healthy all her life. Doctors were not sure why her kidneys were failing, but they were certain that she would need a transplant.

Rhonda was put on the transplant waiting list and endured dialysis until a kidney match was found. A friend was identified as a perfect match, which was amazing because the woman is Caucasian and Rhonda is African-American!

Please join the Organ/Tissue Donor Registry today and give someone else a second chance at life.

Rhonda Williams
Kidney Recipient — Midlothian, IL
